

MEASURE GUIDE

Whether you're designing a kitchen or bathroom, the measurement accuracy is key to a successful final product. We have laid out a step by step guide to help you get precise measurements with not a lot of hassle. Please follow the guide below. When complete, print and email your final measurements to design@thecabinetfactoryonline.com. You only need to print and send back pages 1, 5, 6, 7 & 8 (see top right for page #'s). If you prefer to fax, please fill out the forms below and fax to (888-510-0139). Let's get started!

City and State:

You will need: Tape Measure, Pencil, This form, and the graph that is provided below.

STEP 1 – MEASURE THE WALLS

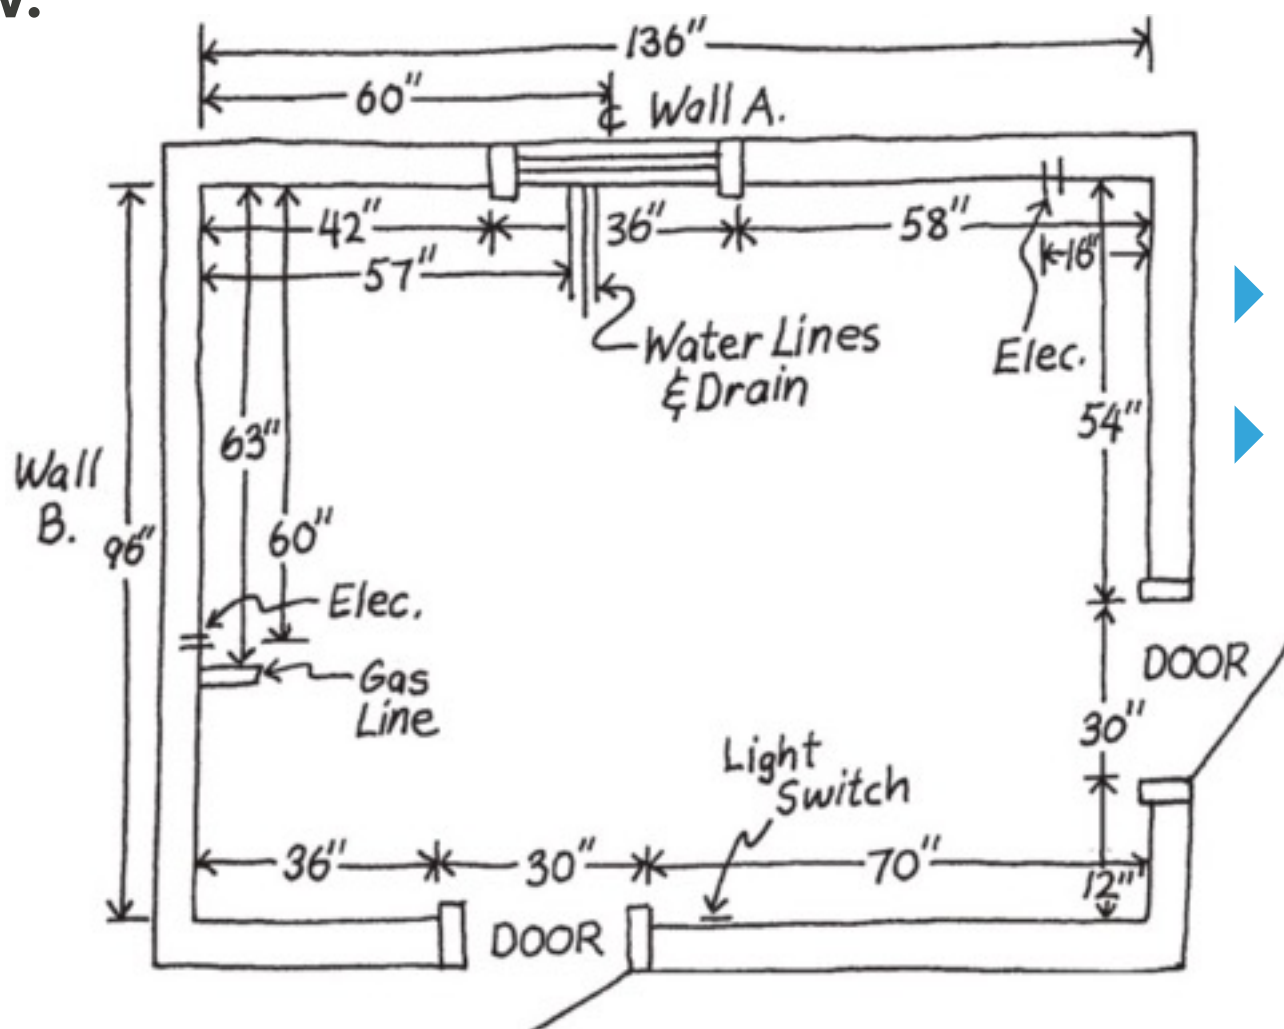

- ▶ **Horizontally measure from one wall to the other at a 36" height.**
- ▶ **Measure from the corner of the wall to the window or door opening.**
- ▶ **Measure from outside edge to outside edge of the trim on door or window opening.**
- ▶ **Measure from edge of trim to far wall on each side. Compare the measurements of steps 2, 3, and 4 to measurement total from Step 1.**
- ▶ **Measure from wall to wall again, but above the window this time**
- ▶ **Vertically measure from the floor to the window sill.**
- ▶ **Measure from the window sill to the top of the window.**
- ▶ **Measure from the top of the window to the ceiling.**
- ▶ **Measure from floor to ceiling and compare this number with the sum of the last 3 steps.**
- ▶ **Measure dimensions of all windows and doors.**

STEP 2 – MEASURE THE OUTLETS AND PLUMBING

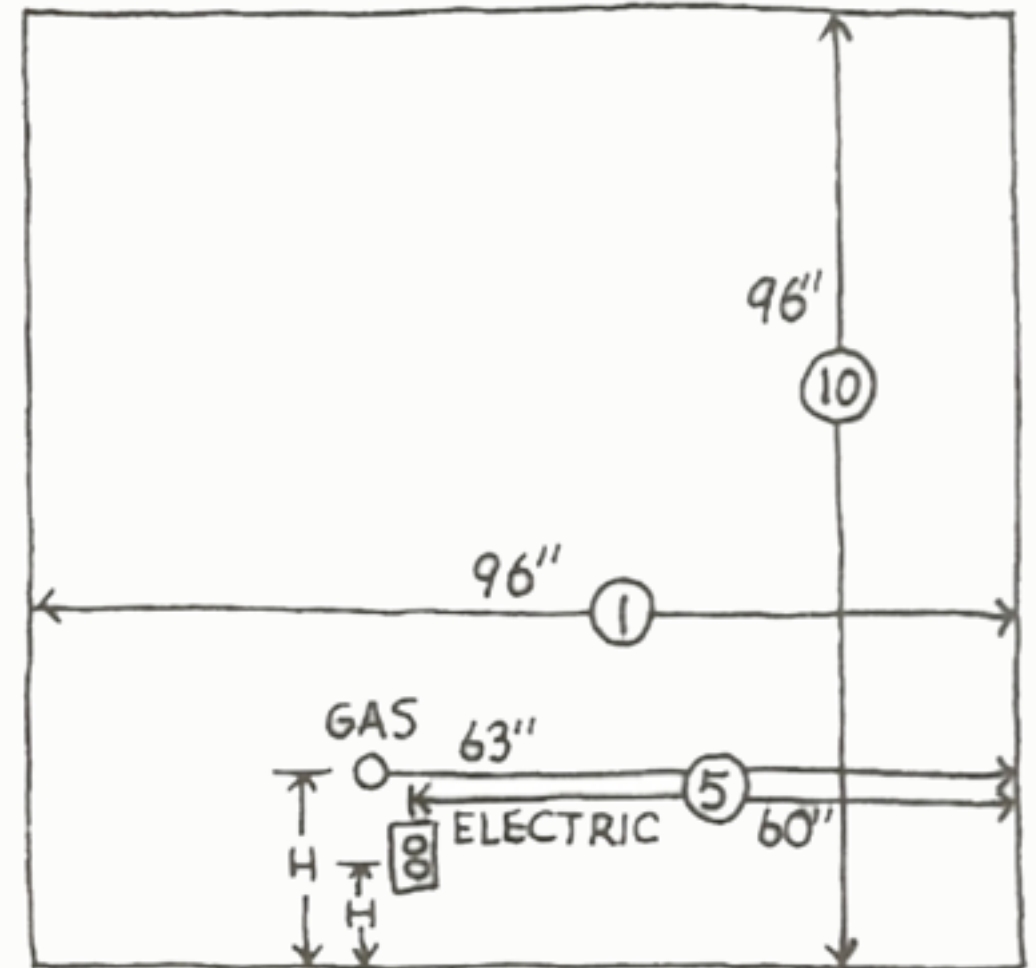

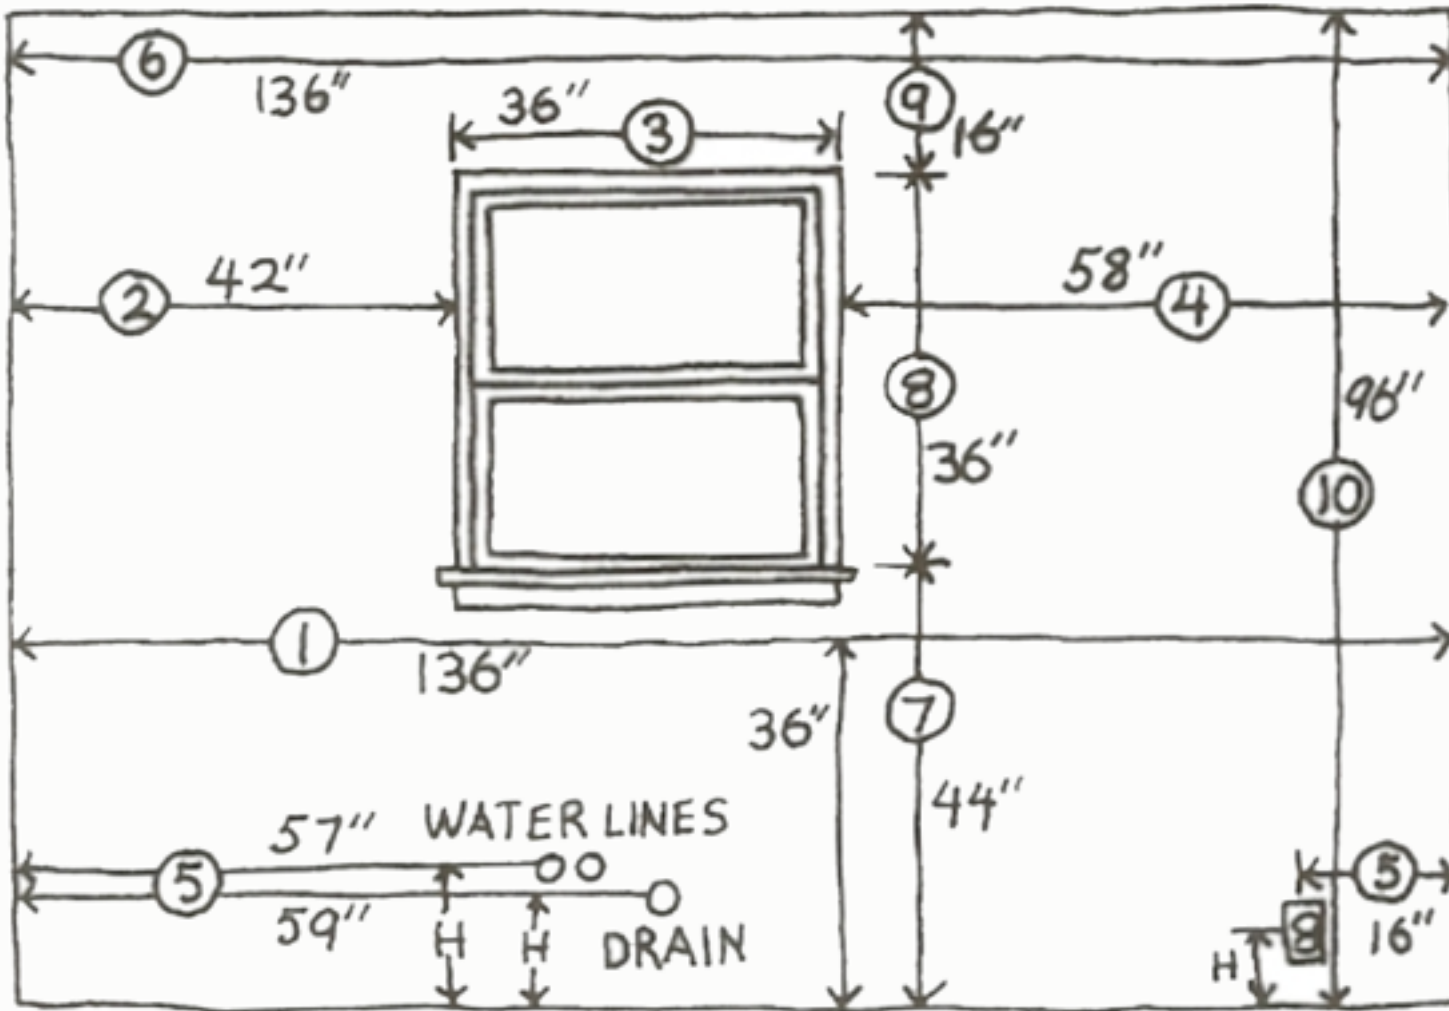

- ▶ Measure the exact location of water, drain, gas lines, and electrical outlets and switches on the drawing. Measure the distance from each wall and floor to ceiling.
- ▶ Locate any existing plumbing and measure the distance from each wall and the floor.

STEP 3 – TRANSFER MEASUREMENTS TO GRAPH

- ▶ Once your measurements are complete, your design should look like this. See example below:

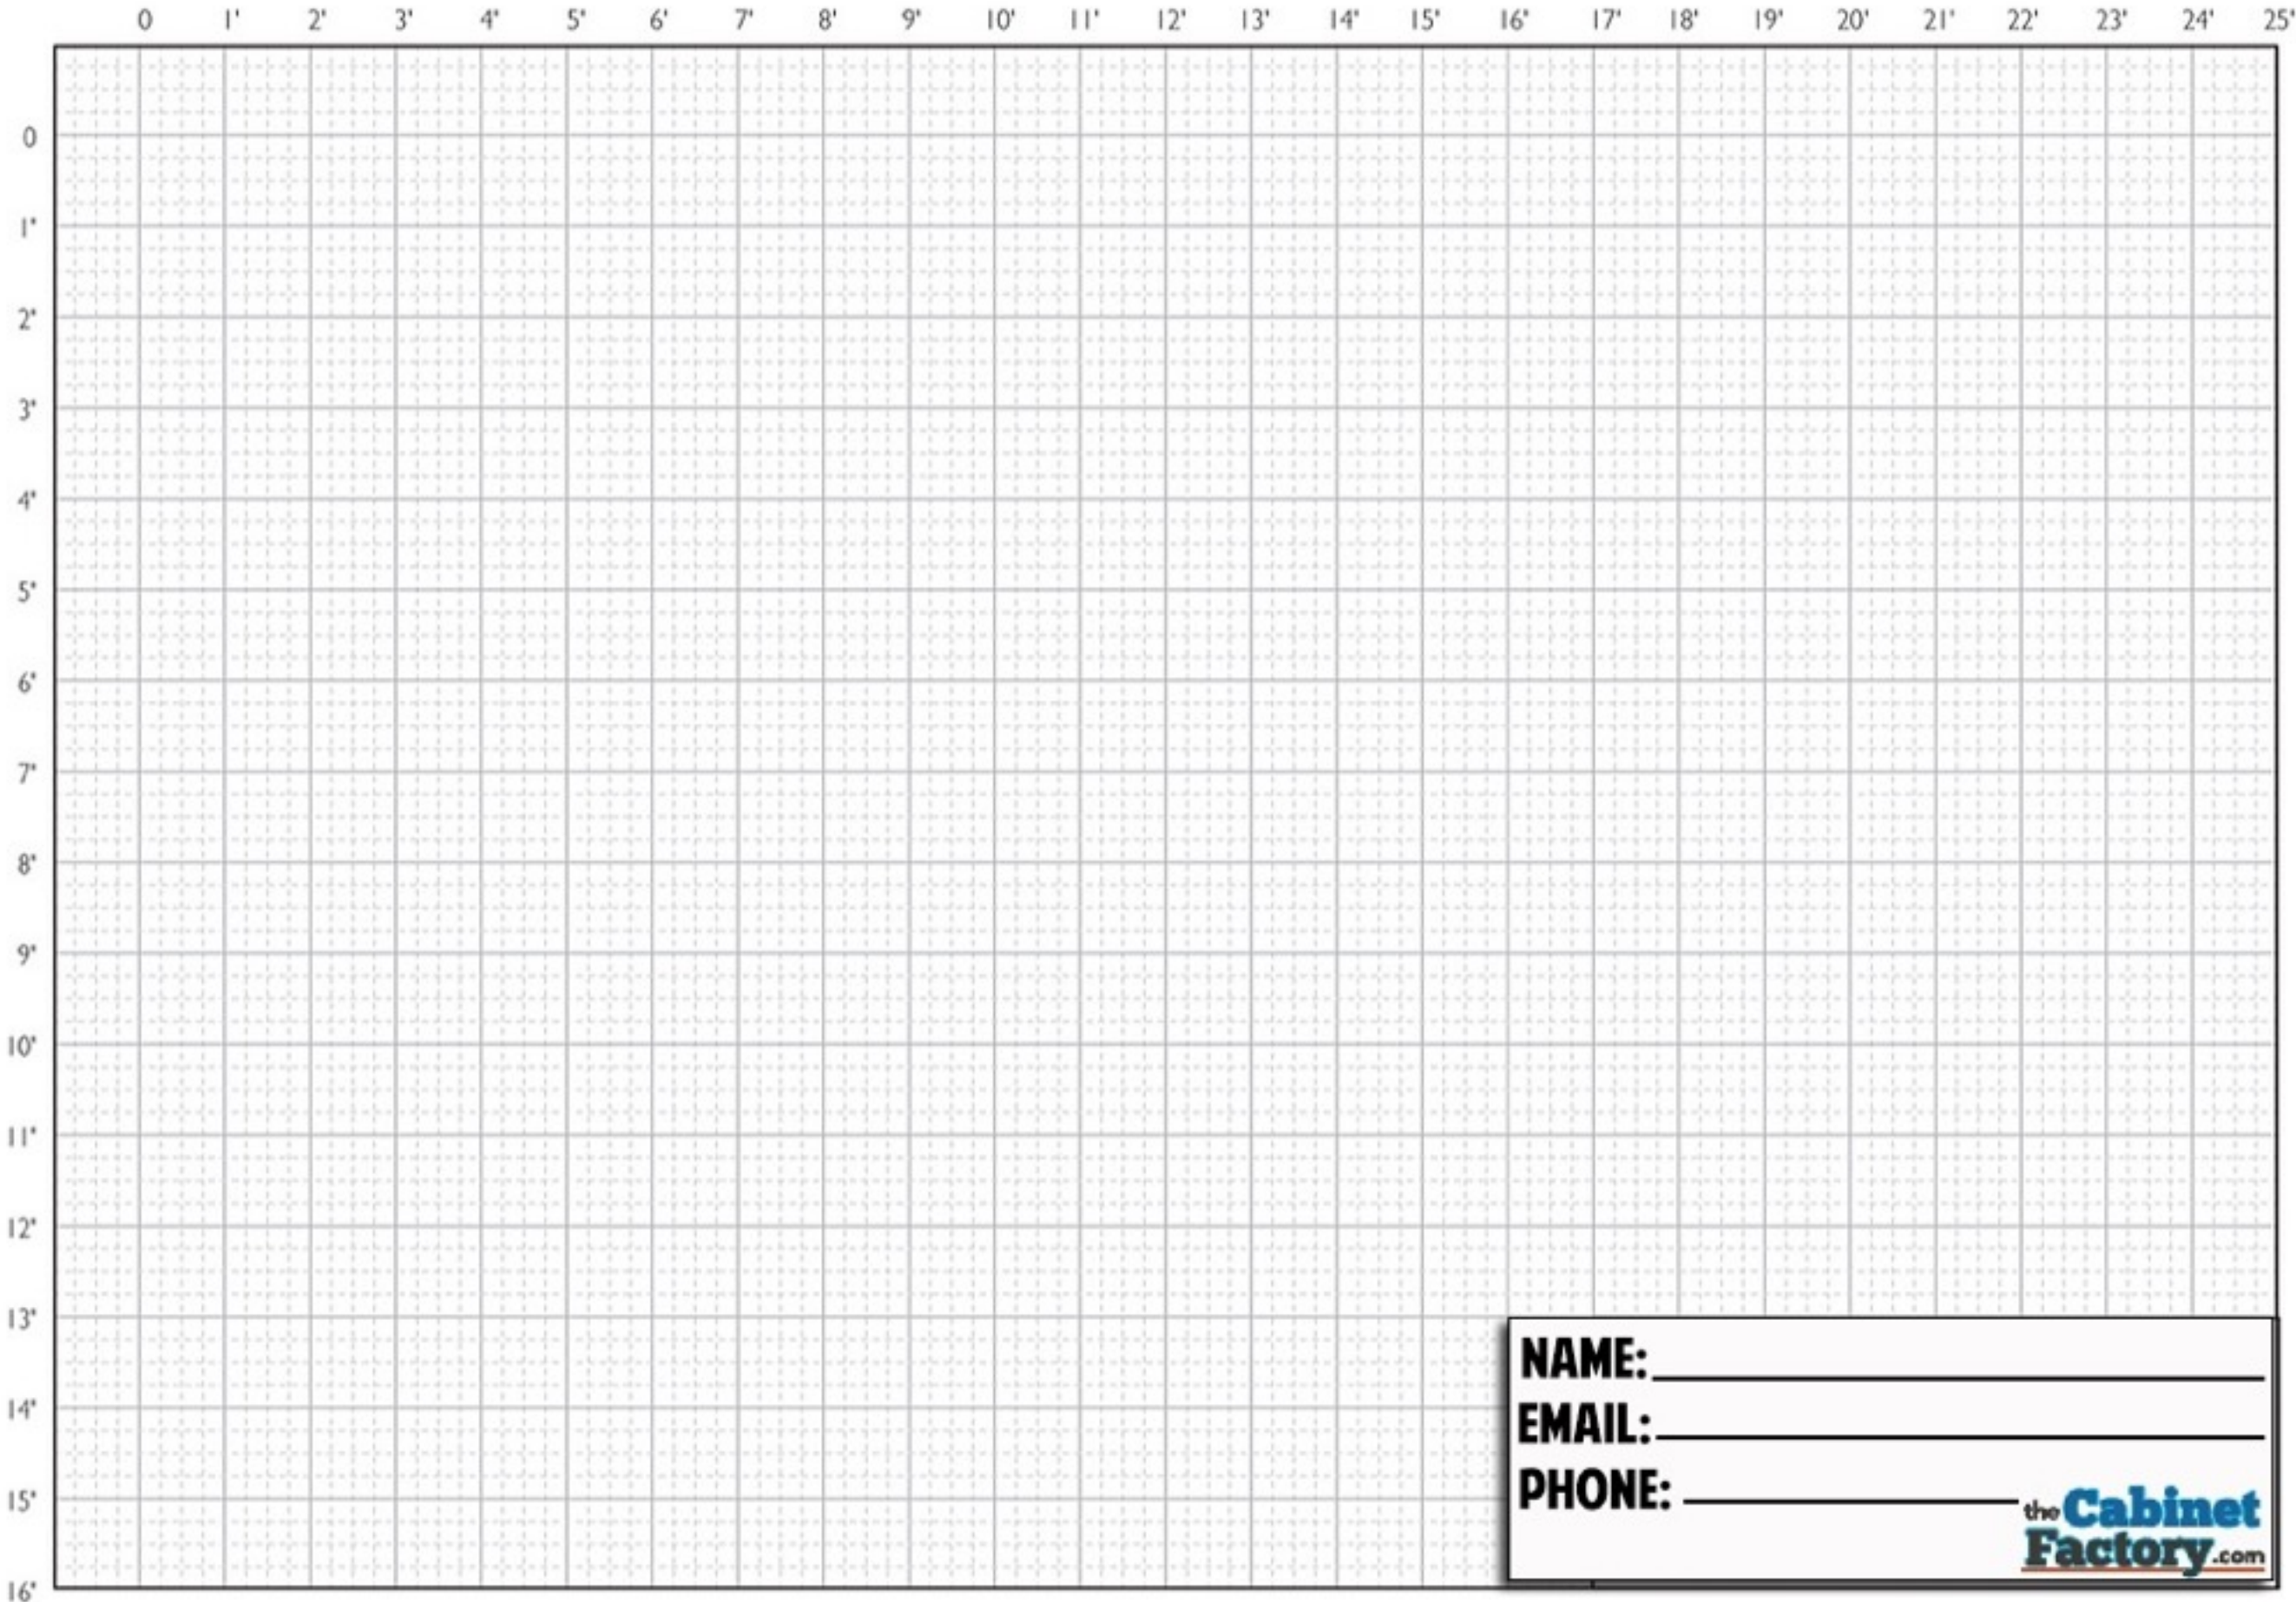

- ▶ NOTE WHICH WAY THE DOORS SWING
- ▶ NOTE ALL WINDOW AND DOOR SIZES

TIME TO TRANSFER YOUR DRAWINGS TO GRAPH PAPER! ONLY A FEW MORE STEPS TO THE KITCHEN OF YOUR DREAMS.

Each Large square represents 1 sq. ft. and the small squares represent 3" 5

STEP 4 - APPLIANCE LIST

RANGE

Brand/Model	Width	Depth	Height

COOK TOP

Brand/Model	Width	Depth	Height

OVEN

Brand/Model	Width	Depth	Height
